hydrateconsciously!
We're committed to reducing plastic waste

Hi-Class65

Greater efficiency, high output, unlimited supply

KEY FEATURES

- Counter-top water cooler
- Ice-bank cooling system
- Choose from chilled still, sparkling and ambient water options
- Delivers up to 65 litres per hour of chilled water below 12°C
- 341mm dispense height to fit bottles and jugs
- Anti flooding valve
- Drip tray without drainage included
- Optional automatic portion control - small
- Full filter change and servicing package included
- With **pura** filtration

The Hi-Class65 is a classy counter-top water cooler solution with a double spout, ideal for small venues and restaurants. It is powerful, and provides safe and reliable filtered drinking water.

Chilled water is available in all models, alongside optional ambient temperature and sparkling water.

The absence of external taps, and the protected dispensing point prevent outside bacterial contamination.

Elegant blue LEDs ensure accurate bottle or glass positioning underneath the dispense taps.

The large dispense height is ideal for refilling water bottles.

UNIT DIMENSIONS

INSTALLATION REQUIREMENTS

The Hi-Class65 requires adequate worktop and cupboard space for installation. Please ensure that the following is available where the unit is to be installed:

- ✓ **Minimum installation worktop space:**
W 550mm x D 600mm (incorporates drip tray).
- ✓ **Minimum height clearance requirement:** H 500mm.
- ✓ **A potable mains water supply within 5 metres of unit installation location.**
- ✓ **A 240-volt electric socket within 1 metre of unit location.**
- ✓ **A cylinder of food grade CO₂ gas.**
(Applies to customers choosing a sparkling water option only.)
- ✓ **Worktops are clear and in a finished state.**
- ✓ **Sufficient ventilation is in place for the refrigerated unit.**

All of the above can be confirmed in your site survey.
