

pura500 premium inline filter

with scale inhibitor, ideal for home filtration, refrigeration and water coolers

pura500

- ✓ Removes trace plastics in water down to 1 micron size
- ✓ Reduces chlorine, potential harmful contaminants, sediment, bad taste and odour issues
- ✓ Capacity of 9,600 litres at 1 micron
- ✓ Retains trace minerals
- ✓ Easy change fittings
- ✓ Office / Residential use
- ✓ Built-in scale Inhibitor

pura water filters combine mechanical and carbon filtration to capture waterborne impurities before they reach your glass. Aside from purification, **pura** water filters keep trace minerals in the water throughout the filtration process and don't strip the water of the minerals your body needs.

pura500 filters are the ideal choice for the Thirsty Work range of office water coolers, ensuring that fresh filtered water is available on demand whether from a hot or cold tap machine.

SPECIFICATION

Height:	295mm
Width:	92mm
Depth:	102mm
Flow rate:	0.5 gpm
Pressure range:	30 - 80 psi
