# Oasis-Hydration Station

Mains fed, floorstanding bottle filler  
MW8EBFY-RW

**hydrateconsciously!**  
We're committed to reducing plastic waste

## KEY FEATURES

- Electronic sensor activated bottle filler
- Chilled (refrigerated) model with non-refrigerated option
- Floor standing for indoor use
- Suitable for busy public environments
- 60 litres per hour of chilled water
- Enhanced alcove to fit larger sports bottle
- Contactless activation with shut off timer
- Integrated bottle counter
- Unit comes as standard in white, with optional branded vinyl wrap
- Sloped top prevents litter being placed on the unit
- Built in drain – no drip tray to empty
- Full filter change and servicing package included
- Built-in drainage eliminates standing water
- With **pura** filtration

The Oasis-Hydration Station is a floorstanding bottle filler, allowing it to be installed right against the wall to save-space. This bottle filler includes an electronic sensor for a contactless (touch free) activation and a 30 second shut off timer.

The powder-coat steel finish is highly-durable and ideal for use in busy public buildings, gymnasiums, sports complexes, hospitals, schools, and offices.

The integrated bottle counter conveniently tracks and displays the number of refills.
