## INSTALLATION OPTIONS

Wall Mounted

## KEY FEATURES

- Chilled water
- Sports bottle filler and drinking fountain combination
- Electronic - touch-free bottle filler activation, and manual drinking fountain
- 30 second shut-off timer
- UVC-LED disinfection treatment at the point of dispense
- Large alcove to fit most sports bottles
- Surface wall-mounted model
- Highly efficient cooling tank
- Cooled temperature 10°C
- Designed to eliminate splashing and standing water - the water-saving bubbler reduces waste water by 50%
- Built-in drainage - no drip tray to empty
- With **pura3000** filtration
- Optional **puraguard** Antibacterial and antiviral protection

The VersaFiller hydration station is a combined chilled drinking water fountain and water bottle filler. It is ideal for busy venues, with electronic, touch-free activation and UVC-LED treatment at the point of dispense - disinfecting the water while it's being dispensed and killing 99.99% of bacteria.

Suitable for public buildings, gyms and sports complexes, hospitals, schools, and offices.

Puraguard is a ground-breaking protective antimicrobial coating that can be applied to your dispensers taps on request, providing 24hr protection against the growth of microbes (bacteria, moulds, fungi and viruses).

## DIMENSIONS

Height:	690mm
Width:	448mm
Depth:	473mm

## INSTALLATION

All dimensions are in millimetres.
