# Free-standing Bottle Filler

The ideal solution for busy public spaces

## KEY FEATURES

- Refrigerated and non-refrigerated options
- Sensor activated touch-free activation
- Large alcove to fit most sports bottles
- Floor-standing model
- Highly efficient cooling tank
- 20 second shut-off timer
- 75L/h output (refrigerated model)
- Cooled temperature 10°C
- Optional UVC-LED disinfection treatment at the point of dispense
- Built-in drainage - no drip tray to empty
- With **pura3000** filtration
- Optional **puraguard** Antibacterial and antiviral protection

The Quasar Bottle Filler is ideal for busy venues, such as public buildings, gyms and sports complexes, hospitals, schools, and offices. Touch-free (infrared sensor) activation and optional UVC-LED treatment at the point of dispense eliminates any concerns of cross-contamination from pathogens and viruses, providing users with quick and easy water from a safe source.

Puraguard is a ground-breaking protective antimicrobial coating that can be applied to your dispensers taps on request, providing 24hr protection against the growth of microbes (bacteria, moulds, fungi and viruses). Ask us for more information, and to request this coating.
