KEY FEATURES

- ✓ Direct chill cold water cooler
- ✓ Single dispensing button for chilled water
- ✓ Delivers 35 litres per hour of chilled water below 12°C
- ✓ 290mm dispense height to fit bottles and jugs
- ✓ Plumbable drip tray with the option of 10L internal waste tank
- ✓ Optional UVC LED shield, designed to destroy bacteria and virus
- ✓ Full filter change and servicing package included
- ✓ With **pura** filtration

The ArcticChill108 is our high capacity direct chill watercooler, with optional features to promote optimal hygiene. The UVC LED purification system is situated between the Direct Chill Tank and in front of the dispensing tap, to provide point of dispense protection from bacteria and virus.

The large dispense height is ideal for refilling personal water bottles.
