- ✓ Full filter change and servicing package included
- ✓ With **pura** filtration
- ✓ Built in the UK

The E6 water cooler dispenser combines intelligent eco-friendly technology, energy-efficiency and powerful performance. It features a touch-sensitive control panel, designed to significantly enhance hygiene for users, and reduce the potential for cross-contamination. The large dispense area is designed to fit tall sports bottles and jugs, making hydration simple, and reducing the requirement for disposable cups. From boardroom tea service to sports hall water bottles, this water machine delivers uncompromised service.

## DIMENSIONS

## AVAILABLE ACCESSORIES

 Plastic-free  
Recycle me!

### Recyclable Paper Cups

- 7oz recyclable paper cups
- 4oz paper cones

### Thirsty Work Water Bottles

Thirsty Work 500ml reusable stainless steel water bottles. 67mm x 270mm high.

### Bespoke Printed Water Bottles

Add your own company logo to our 500ml reusable stainless steel water bottles. Available in a range of colours.

### Touchless Dispense Foot Control and App

Control your water dispenser with foot control. The SensorBeam™ Base cabinet is an innovative, illuminated floorstanding base with projection touchless dispense, or a smartphone app, eliminating the risk of spreading bacteria on touch-panels.

### Accessories

- CO<sup>2</sup> refills
- Ultra-violet filter kit
- Waste kit overflow sensor

Please contact us to check model compatibility and to activate this feature on your dispenser
