Hot

INSTALLATION OPTIONS

Over sink

Under-counter unit

KEY FEATURES

- High capacity output
- Chilled and hot water options
- Chilled temperature: 2°C to 11°C
- Designed to minimise the risk of misuse and self-harm
- Shallow, safe ligature-resistant design
- Anti-scald hot temperature: 69°C
- Install over sink
- Compact under-counter unit
- Intelligent hot tap technology
- Robust, vandal-proof qualities
- Powerful and energy-efficient
- Hygiene assurance
- Designed and built in the UK
- With advanced **pura** filtration

Prioritising safety and hygiene, the Porpoise ligature-resistant drinking water tap has been designed for modern mental health and vandalism-prone environments. It features anti-scald temperature settings to ensure patient, visitor and staff safety, whilst maintaining hot water dispense.

The design features a smooth, shallow profile with robust, vandal-proof qualities. When positioned at the edge of a sink or countertop this design leaves no room for ligature attachment, making it appropriate for vulnerable people to use unsupervised.

The inbuilt **pura** filter puts better-tasting water on tap, filtering out chlorine taste, odour and impurities.

DIMENSIONS

| | |
|-------------|-------|
| Tap height: | 68mm |
| Tap width: | 124mm |
| Tap depth: | 138mm |

INSTALLATION REQUIREMENTS

The Porpoise Tap requires adequate worktop and cupboard space for installation. Please ensure that the following is available where the system is to be installed:

- A potable mains water supply within 5 metres of unit installation location.
- A 240-volt electric socket within 1 metre of unit location.
- Worktops are clear and in a finished state.
- Any cupboard construction to house the equipment is complete (if applicable).
- Worktop cutting template available to order.
- All of the above can be confirmed in your site survey.

Identify a suitable location for the ProCore unit. It should be positioned within 1.0m of the faucet, and within 2.0m of suitable services connections. Ensure to allow enough space for the Simple-fit Vent Kit which must be installed with the unit.

AVAILABLE ACCESSORIES

Recyclable Paper Cups

- 7oz recyclable paper cups
- 4oz paper cones

Thirsty Work Water Bottles

Thirsty Work 500ml reusable stainless steel water bottles. 67mm x 270mm high.

Bespoke Printed Water Bottles

Add your own company logo to our 500ml reusable stainless steel water bottles. Available in a range of colours.

Under-counter Unit

Our Porpoise Tap must be accompanied by our under-counter water chiller. It is compact, low maintenance and easy to install out of sight.

Secure Anti-ligature Resistant Stainless Steel Sink Cabinet

Choose front panel or doors. 1000mm x 650mm x 900mm. Ask about smaller sizes.
