Zerica You260 Remote Chiller

Designed to work under a sink

KEY FEATURES

- Ambient and chilled, filtered water
- Designed for under-counter installation
- Plastified galvanised steel
- Requires a water dispensing faucet (not included)
- High pressure refrigeration system ensures maximum hygiene levels
- Output: 50 litres an hour
- With **pura** filtration

The Zerica You260 Water Chiller provides a consistent supply of ambient and chilled drinking water. Its neat, minimalist design is perfect for installing with one of our taps or water bottle fillers to provide continuous chilled water in kitchens, offices and light commercial applications.

The You260 is built for reliable performance and energy-efficient operation, with speedy cooling capacity (50 litres/hour).

This chiller can be paired with one of our faucets, to suit your drinking water requirements.
