180 model height:	510mm
180 model width:	532mm
180 model depth:	490mm
180 model dispense height:	320mm

**The Niagara is an all-encompassing product, instantly dispensing large amounts of still and sparkling, chilled and ambient water. Simply connect it to the water mains to begin using the complete service.**

**TYPICAL SPECIFICATION**

The Niagara's internal taps can dispense water continuously or intermittently as desired.

The "ice bank" with double coil improves the efficiency of simultaneous chilled and sparkling water dispensing. This high performance cooling technology cools considerable quantities of water and enables the dispensing temperature to be kept constant even when continuously dispensing many litres.

The optional CU+ SAFEPATH ensures bacterial immunity for the cooler, providing permanent and constant protection against the formation of biofilms.

The dispenser is equipped with a water pressure reducer, CO2 regulator and the use of AISI 304 stainless steel for the sensitive parts of the casing. The drip tray is designed to facilitate optimal jug positioning and the safety valve prevents leakages caused by accidental faults inside the machine.

**OPTIONAL ELECTRONIC CONTROL**

Our electronic control is available on our sparkling models and allows you to customise the water cooler's functions and monitor its use in real time, optimising maintenance.

- Set the quantity of water supplied automatically. Fill glasses (small serving) or jugs (large serving)
- Control the temperature of the ice bank
- No water warning light
- Optional bottle guides

**Branded glass water bottles.**

We supply a range of dishwasher-safe **pura** glass water bottles in various capacities with flip-tops or screw caps.

Our glass bottles are printed with the **pura** brand as standard however we also offer a bespoke printing service.

**You can choose to brand as little as 100 bottles with your own company logo.**

Choose still or sparkling labelling

Choose to brand with your own logo

Order as little as 20 pura bottles

Order as little as 100 bespoke bottles
