KEY FEATURES

- Chilled and ambient or chilled and hot water options
- Zero hand contact paddle lever dispense
- Safety tag on hot tap
- 250mm dispense height to fit bottles and jugs
- 500ml drip tray with the option of internal waste
- 3.5ltr sealed, chilled reservoir
- Full filter change and servicing package included
- With **pura** filtration
- Optional **puraguard** Antibacterial and antiviral protection
- Counter-top model available

The ZN55 features a large dispense height, ideal for refilling personal water bottles, and paddle taps to minimise spillages and easily dispense water without touching the dispenser taps. The efficient chilling system provides 25ltr of chilled water per hour using the new R600a refrigerant certified as zero-harm to the environment.

The 3.5ltr sealed cold water reservoir incorporates an air filter for the ultimate level of hygiene.

DIMENSIONS

Height:	1045mm
Width:	316mm
