# ZN66 Floor-standing Model

Mains fed push button dispenser

## KEY FEATURES

- Chilled and ambient or chilled, ambient and hot water options
- Mechanical push button dispense, for easy portion control
- 250mm dispense height to fit bottles and jugs
- 500ml drip tray with the option of internal waste
- 3.5ltr sealed, chilled reservoir
- Full filter change and servicing package included
- In-tank LE-UV bacteria and virus control
- With **pura** filtration
- Optional **puraguard** Antibacterial and antiviral protection

The ZN66 is perfect for educational facilities, boasting features designed to endure demanding environments.

The efficient chilling system provides 25ltr of chilled water per hour using the new R600a refrigerant certified as zero-harm to the environment. The 3ltr sealed cold water reservoir incorporates a state-of-the-art LE-UV Ultraviolet bacteria and virus control maintaining the ultimate level of hygiene.

Puraguard is a ground-breaking protective antimicrobial coating that can be applied to your dispensers taps on request, providing 24hr protection against the growth of microbes (bacteria, moulds, fungi and viruses). Ask us for more information, and to request this coating.
