# ZN88 Floor-standing Model

Mains fed push button dispenser

## KEY FEATURES

- Chilled and ambient or chilled, ambient and hot water options
- Electronic push button dispense, for easy portion control
- In-tank Nano-UV bacteria and virus control
- 250mm dispense height to fit bottles and jugs
- 500ml drip tray with the option of internal waste
- 3.5ltr sealed, chilled reservoir
- Full filter change and servicing package included
- With **pura** filtration
- Optional **puraguard** Antibacterial and antiviral protection

The ZN88 is our premium ZN model, with features to promote optimal hygiene. Features include a flat, sealed, wipe-clean surface and a single point of dispense with a totally shrouded faucet reducing spillages and increasing hygiene levels.

The 3ltr sealed cold water reservoir incorporates a state-of-the-art Ultraviolet bacteria and virus control maintaining the ultimate level of hygiene.

The efficient chilling system provides 25ltr of chilled water per hour using the new R600a refrigerant certified as zero-harm to the environment.

The large dispense height is ideal for refilling personal water bottles.
